

Introducing our 2019 Collection

REFLECT THE OCEAN IN YOUR SPACE

2019 is the year to 'reflect the world' in your home or work space, to bring in natural elements and create a feeling of serene ambience. Ocean Shell, the shell experts, introduce our Luméa range of luxury tiles and panels made of sustainable shells from the South Pacific Ocean.

THE COLLECTION

This curated selection of mosaic, solid shell and veneer tiles embody the luxury of nature and creates an organic aesthetic. Mother of Pearl shell has a natural iridescence and that complements pale and dark colour schemes, reflecting light and providing a rich textural element. The rich blue-green hues with shimmers of pink in the Pāua shell lend a fresh vibrancy to bolder décor accents. Pāua's individual tidal patterns strike the eye and remind us of its ocean origin. Luméa's eco-ethical tiles, made from genuine shell, are the highest quality and used in superyachts, palaces high-end residences and hotels from Dubai to Florida. Shell is naturally durable and non-combustible. These wall tiles can be featured in kitchens, bathrooms, and other interior spaces.

TECHNICAL INFORMATION

The shell veneer wall tiles are cut to a standard range of sizes and backed with a ceramic bisque. The shell veneer wall panels can be custom made up to 2400 x 1200mm and have three backing options, MDF, acrylic and signex. The solid shell tiles are buff polished and cut to a standard range of sizes. They are backed with fibreboard. These come in a range of designs including brick and square. Wall panels in these designs can be custom made up to 2400 x 1200mm and come with backing options of alloy honeycomb or fibreboard. The mosaic tiles are solid shell pieces buff polished and cut to squares of 15 x 15mm and 25 x 25mm. They come on a poly fabric backing in 300 x 300mm size.

LUMÉA LUXURY SHELL PRODUCTS

Ocean Shell is the world's leading shell material business, supplying designers and architects with shell materials for high end projects. Our story of sustainability enhances the appreciation of all installations that use Luméa shell tiles and panels.
